Исх. № 96/26
12 марта 2026 г.

ЗАМЕСТИТЕЛЮ
МИНИСТРА ТРАНСПОРТА
РОССИЙСКОЙ ФЕДЕРАЦИИ
В.В. ПОТЕШКИНУ

Уважаемый Владимир Владимирович!

Направляю Вам письмо Генерального секретаря Международной организации гражданской авиации (ИКАО) г-на Хуана Карлоса Саласара от 11 марта 2026 года № ТС 2/3.38 (РОК/21/801) – 26/13, адресованное государствам-членам Организации, касающееся реализации совместной программы Республики Корея и ИКАО по подготовке авиационного персонала для развивающихся государств на 2026 год.

В письме сообщается о проведении в 2026 году десяти специализированных учебных курсов по различным направлениям деятельности гражданской авиации, включая вопросы авиационной политики, эксплуатации и управления аэропортовой инфраструктурой, аэронавигационного обеспечения, безопасности аэропортов, а также перспективных направлений развития авиации, таких как городская аэромобильность. Указанные курсы планируется провести на базе учебных центров гражданской авиации Республики Корея при участии ИКАО.

Отмечается, что участие в программе смогут принять до 130 специалистов из развивающихся государств-членов ИКАО. Государствам предлагается выдвинуть соответствующих кандидатов и подать заявки на участие посредством заполнения онлайн-формы на специализированном веб-ресурсе программы в установленные сроки.

Подробная информация о порядке и условиях предоставления будущих стипендий, грантов, содержания учебных программ приводится в дополнениях А–С к письму Генерального секретаря от 11 марта 2026 года.

Следует отметить, что аналогичное предложение о прохождении обучения в рамках указанной программы Республики Корея и ИКАО направляется государствам-членам Организации на ежегодной основе.

При этом ранее Секретариатом ИКАО подтверждалось, что Российская Федерация входит в число государств, которые могут выдвигать кандидатов для участия в указанной стипендиальной программе для развивающихся стран. По имеющейся информации каких-либо изменений в данном вопросе до настоящего времени не отмечалось.

С учетом вышеизложенного прошу Вас дать поручение Росавиации довести информацию, содержащуюся в настоящем письме, до сведения соответствующих отраслевых учебных заведений и организаций на предмет участия российских профильных специалистов в предлагаемых курсах. Обращаем внимание на важность соблюдения сроков подачи заявок для участия в конкурсном отборе, приведенных в дополнении А «Программа Республики Корея и ИКАО по подготовке кадров для развивающихся стран на 2026 год» к прилагаемому письму ИКАО.

Приложение: упомянутое, на 26 л.

С уважением,

Представитель
Российской Федерации при ИКАО

А. А. Баталов

Тел.: +1 514-315-2297

Ref.: TC 2/3.38 (ROK/21/801) – 26/13

11 марта 2026 года

Содержание: программа Республики Корея и ИКАО по подготовке кадров для развивающихся стран на 2026 год

Требуемые действия: подать заявки на участие заинтересованных и соответствующих требованиям кандидатов, заполнив онлайн-форму заявления в указанные сроки

1. Имею честь обратить ваше внимание на разработанную совместно Республикой Корея и Международной организацией гражданской авиации (ИКАО) программу по подготовке кадров для развивающихся стран, которая проводится при спонсорской поддержке со стороны Управления гражданской авиации Министерства земель, инфраструктуры и транспорта (MOLIT), а также при административной поддержке со стороны ИКАО. С 2001 года в рамках программы прошли подготовку 3564 человека из 140 государств-членов. Благодаря тесному партнерству и активной поддержке ИКАО Республика Корея успешно реализовала программу подготовки 2025 года, в которой приняли участие 206 человек из 63 государств-членов.

2. С удовлетворением сообщая, что в 2026 году подготовка в рамках 10 курсов на базе указанной программы будет предложена 130 слушателям из развивающихся стран. Информация о предлагаемых курсах, а также порядке и условиях получения стипендий приводится в дополнениях А–С. Однако важно иметь в виду, что вопросы, связанные с содержанием и порядком проведения курсов, которые не проводятся непосредственно ИКАО, не входят в компетенцию Организации, и, следовательно, полную ответственность за них несет MOLIT. Кандидатам необходимо заполнить онлайн-форму заявления на веб-сайте: www.korea-ftp.org. Просьба иметь в виду, что представившие заявки государства будут проинформированы о результатах процесса отбора не позднее, чем за три недели до начала курса.

Примите заверения в моем самом высоком уважении.

Хуан Карлос Саласар
Генеральный секретарь

Приложения (только на английском языке):

- A. Программа Республики Корея и ИКАО по подготовке авиационного персонала на 2026 год
- B. Маршрут участника (расписание авиарейсов)
- C. Официальная форма выдвижения кандидата

THE 2026 REPUBLIC OF KOREA - ICAO TRAINING PROGRAMME FOR AVIATION PERSONNEL

1. OVERVIEW

1.1 The Republic of Korea (ROK) has launched the Training Programme to contribute to the evolution and safety of the world's aviation industry since 2001. In 2006, ROK and ICAO, recognizing the importance of assistance and cooperation in the aviation training, established the training programme which is sponsored by the Government of the ROK and administered by the ICAO Capacity Development and Implementation Bureau, and conducted by the Civil Aviation Training Centre of Korea Airports Corporation (CATC) and Incheon Airport Aviation Academy (IAAA).

In accordance with this MOU, the ROK will invite 130 (KAC) trainees from the ICAO Member States and deliver the courses as below in 2026.

2. COURSE SCHEDULE

Code	Courses	Dates	Application deadlines	Participants	Training institute
A-1	Aviation policy for executives	10 to 14 August	22 Jun.	15	ROK (CATC)
A-2	Aviation policy for women leaders	1 to 7 July	20 Apr.	15	ROK (IAAA)
B-1	Design of Aeronautical Ground Lighting	14 to 20 May	17 Apr.	15	IAAA
B-2	Aeronautical Datalink Communications	18 to 22 May	17 Apr.	16	CATC
B-3	Airport Lighting Operation & Management	15 to 20 June	20 Apr.	16	CATC
B-4	Urban Air Mobility	27 to 31 July	20 Apr.	16	CATC
B-5	Airport BHS & HBS Design and Management	20 to 26 August	8 Jun.	15	IAAA
B-6	DVOR Maintenance	31 August to 11 September	8 Jun.	16	CATC
B-7	Aerodrome CNS Engineering	10 to 16 September	8 Jun.	15	IAAA
B-8	Airport Landside Security	19 to 23 October	22 Jun.	16	CATC

Note 1: — *The course schedule and the number of participants can be partially subject to change upon circumstances.*

Note 2: — *Applicants are required to complete the on-line Application Form at <https://www.korea-ftp.org/main.do>*

Note 3: — **It is required for all applicants to submit the Official letter with the Nomination Form authorized by applicants' Government.**

Note 4: —Trainees will be selected in consideration of ROK's quarantine guidelines.

3. TRAINING INSTITUTES

a) The Civil Aviation Training Centre (CATC)

The Civil Aviation Training Centre (CATC) of Korea Airports Corporation was established in 1984 with the United Nations Development Programme (UNDP) and ICAO aid for the improvement of technical expertise to contribute to the safety and development of the civil aviation industry. CATC offers specialized training courses for domestic and international trainees to foster global-minded human resources experts in the air navigation system, airport management and operations, air traffic control, and other fields of the aviation industry. Furthermore, CATC has been certified as a TRAINAIR PLUS Regional Training Centre of Excellence since 2015.

CATC is staffed with excellent instructors and equipped with state of the art, practical training facilities. Trainees will be staying in CATC dormitory and will have access to its amenities.

<p>Training Facilities and Equipment</p>	<p>Ten lecture rooms and two seminar rooms are fully equipped with audio-visual aids such as beam projectors and video presentation aids.</p> <p><i>(Intl' building)</i> Training equipment and electronic calibrators are provided for every course to allow practical training: DVOR/DME, ILS, radar simulator, U/VHF telecommunication equipment, GPS training equipment, network training equipment, and over 30 test equipment including oscilloscopes and spectrum analyzers.</p>
<p>Dormitory</p>	<p>Trainees will stay in dormitory (one room per person) equipped with air conditioning and heating, and served with meals that different nationalities can enjoy. Gym, movie theater, and karaoke are also available for the trainees' use.</p>
	

b) Incheon Airport Aviation Academy (IAAA)

Incheon Airport Aviation Academy (IAAA) was recognized as an ICAO Regional Training Centre of Excellence (RTCE) in September 2014 and achieved Platinum membership in the ICAO TRAINAIR PLUS Programme (TPP). IAAA is authorized to develop and deliver ICAO Training Packages in the following areas: Aerodromes, Air Navigation, Flight Safety, and Safety Management. As a TRAINAIR PLUS Member, IAAA has developed and operated eight TRAINAIR PLUS Standardized

Training Packages (STPs) and three ICAO Training Packages (ITPs) for domestic and international trainees.

Moreover, IAAA has been designated as an ACI GTH (Global Training Hub) in the Asia-Pacific Region in 2007 and became an ACI ATP (Accredited Training Partner) in 2023. Additionally, IAAA was designated as an ITC (IATA Training Centre) in 2017 and certified as an RTP (Regional Training Partner) by IATA in October 2023.

IAAA offers practical training courses tailored to the needs of various aviation fields. These courses combine theoretical lectures with hands-on training, including airport operation experiences, on-site visits, and workshops designed to enhance problem-solving skills.

Training Facilities and Equipment	26 different-sized classrooms, including a banquet hall and auditorium, 5 group workrooms, a multi-media computer lab, an online lecture room, an ATC (Apron Traffic Control) simulator, and an AVSEC (Aviation Security) training lab equipped with a Walk-through Metal Detector, a Security Scanner, and a Tray Return System.
Dormitory	There are 102 hotel-style guest rooms (VIP, single, and double rooms) fully furnished with air conditioning/heating, LCD TVs, and internet access. For recreation, a football field, a jogging track, a tennis court, a basketball court, a pool table, table tennis, a fitness center, and a sauna are available free of charge. In addition, there is also a business center with internet access, fax, a photocopy machine, and magazines.
	

c) Training contents

Courses consist of classroom lectures, practical training, and on-site visits. In particular, trainees will meet with senior officials for aviation safety and air navigation system, and discuss cooperation.

Trainees will also have opportunities to visit Incheon Airport, Gimpo Airport, air traffic control facilities, the aviation museum, and other important aviation facilities, in addition to experiencing Korean culture on a visit to historical palaces and other popular tourist spots.

d) Information for Arrival in the Republic of Korea

All trainees should complete the Attachment B Participant's Itinerary for airport escort service and send it to the training institute, as guided, after being selected, at least 14 days before the training start date. More information of accommodation and transportation will be provided by the training institute 3 weeks before start of the training.

Attachment A - Training Programme for Aviation Personnel

Attachment B - Participants' Itinerary (Flight Schedule)

Attachment C - Official Nomination Form

MOLIT SUPPORT PROGRAMME, COURSE CODE: A-1

AVIATION POLICY FOR EXECUTIVES

10 to 14 August 2026

1. PURPOSE

This course will deliver future policy direction of Korean aviation industry and Korean major Airport management strategies to provide participants with relevant information to assist them in establishing aviation policies for the development of the aviation industry in their countries.

2. CONTENTS

- Korean Aviation Policy
- Future Trends in the Aviation Industry, including Airports
- Introduction of Future Air Navigation Facilities and Systems
- Discussion on National Aviation Policy Issues
- Major Airports and related tour sites, etc

3. PARTICIPANTS

15 participants

4. TRAINING INSTITUTE: CATC

- Address: 22-55, Namgye-gil, Mueui-myeon, Sangdang-gu, Cheongju-si, Chungcheongbuk-do, Republic of Korea
- Course Coordinator: Ms. Jieun Kim

5. PARTICIPATION REQUIREMENTS

- Above director-level personnel in civil aviation authority or airport authority.
- At least 10 years of work experience in civil aviation in participating countries.
- Good health and be able to participate in the English language.
- Should submit the Official Nomination Form issued and authorized by applicants' Government

6. EXPENSES

- MOLIT in the ROK will bear the airfare, training fees, accommodation fees and a fixed daily allowance (amount set by the training days) for participants.
- If trainees are able to get free air tickets from their national air carriers, it is highly recommended, in principle, for them to use their national carrier. If this is impossible, Korean Agency will purchase the air tickets and send them to the trainees.
- It is not allowed for trainees to directly purchase air tickets unless it is absolutely necessary. If you have to purchase air tickets owing to circumstances beyond your control, you must contact the Korean agency. The refund will be paid in cash to the trainees on the training end date if

you have the verified receipts.

Note: — *No refund will be made if you purchased air tickets without Korean agency prior approval.*

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirements from the Korean Government.
- d) Selection Process by the Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) Civil Aviation Training Centre of Korea Airport Corporation (CATC) will contact the participants regarding the invitation letter, air ticket, etc.

Remark: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities and official nomination forms that are uploaded to the website. (www.korea-ftp.org)*

8. APPLICATION DEADLINE

22 June 2026

9. CONTACTS

- Information on the course and academy:

Ms. Jieun Kim
Civil Aviation Training Center, Korea Airports Corporation
Phone: 82 43 290 2374, Fax : 82 43 290 2349
E-mail: jieun24@airport.co.kr

- Matters on submitting a nomination form, accessing the website, and other technical problems:

Ms. Hyeonji Lim

MOLIT SUPPORT PROGRAM, COURSE CODE: A-2

AVIATION POLICY FOR WOMEN LEADERS

1 to 7 July 2026

1. PURPOSE

This course aims to empower women professionals in the aviation sector by addressing global aviation trends, policy cases, and advanced operational knowledge from international best practices, thereby enhancing their leadership capabilities and professional excellence.

2. CONTENTS

- Aviation Policy of MOLIT
- Aviation Industry Trends
- Digital Transformation (DX) in Aviation Industry
- Customer Experience (CX) Management
- Airside Operations
- Leadership for Women Professionals
- Field Visit (Passenger Terminals, Core Airport Facilities, etc.)
- Industrial Site Visit

3. PARTICIPANTS

15 participants

Note: — *This course will be assigned to the **women personnel only** in aviation industry to support ICAO's Gender Equality Programme.*

4. TRAINING INSTITUTE: IAAA

- Address: 557 Yongyu-ro, Jung-gu, Incheon, Republic of Korea
- Course Coordinator: Mr. Huijun Chae

5. PARTICIPATION REQUIREMENTS

- Women personnel of aviation policy area in civil aviation authority or airport authority.
- At least three (3) years of work experience in civil aviation in participating countries.
- Good health and being able to participate in the English language.
- Should submit the Official Nomination Form issued and authorized by applicants' Government
- Not participating in the ROK – ICAO fellowship training program during the past three (3) years.

6. EXPENSES

- MOLIT will bear the airfare, training fees, accommodation fees, and a fixed daily allowance (amount set by the training days) for participants.

- If trainees can get free air tickets from their national air carriers, it is highly recommended, in principle, for them to use their national carrier. If this is impossible, the Korean Agency will purchase the air tickets and send them to the trainees.
- It is not allowed for trainees to directly purchase air tickets unless it is necessary. If you have to purchase air tickets owing to circumstances beyond control, you must contact the Korean Agency. The refund will be paid in cash to the trainees on the training end date if you have the verified receipts.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail addresses and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirement from the Korean Government.
- d) Selection Process by Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) Incheon Airport Aviation Academy will contact the participants regarding invitation letters, air tickets, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org).*

8. APPLICATION DEADLINE

20 April 2026

9. CONTACTS

- Information on the course and academy:

GLOBAL AVIATION SAFETY PROGRAMME, COURSE CODE: B-1

DESIGN OF AERONAUTICAL GROUND LIGHTING

14 to 20 May 2026

1. PURPOSE

This course will provide trainees with competencies to ensure that the design of Aeronautical Ground Lighting (AGL) is implemented in accordance with ICAO Annex 14, ICAO Doc 9157, and the international industry's best practices.

2. CONTENTS

- Operational Requirement for AGL System
- Impact of Visibility on AGL requirements and Performance
- Electrical requirements and AGL control and monitoring system.
- Design AGL for Approach and Runway
- Design AGL for Taxiway
- Design AGL for other area in the airport
- Design AGL Electrical Circuits
- Manage the installation of the AGL Control and Monitoring System
- Commissioning the AGL system.

3. PARTICIPANTS

15 participants

4. TRAINING INSTITUTE: IAAA

- Address: 557 Yongyu-ro, Jung-gu, Incheon, Republic of Korea
- Course Coordinator: Ms. Eunhye Park

5. PARTICIPATION REQUIREMENTS

- At least three (3) years of experience in AGL operation or management
- Be in good health both physically and mentally, to undergo the course
- Sufficient proficiency in spoken English
- Not participating in the ROK – ICAO fellowship training program during the past three (3) years.
- Should submit the Official Nomination Form issued and authorized by applicant's Government

6. EXPENSES

- Incheon Airport Aviation Academy (IAAA) will bear expenses including course fees, accommodation fees, meals, and daily allowance.
- Airfare and travel allowance for participation in this course shall be paid by the participant's side.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirement from the Korean Government.
- d) Selection Process by Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) Incheon Airport Aviation Academy will contact the participants regarding invitation letters, air tickets, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org).*

8. APPLICATION DEADLINE

17 April 2026

9. CONTACTS

- Information on the course and academy:
 - Ms. Eunhye Park
Incheon Airport Aviation Academy, Incheon International Airport Corporation
Telephone: 82 32 741 6050, Fax: 82 32 741 2900

GLOBAL AVIATION SAFETY PROGRAMME, COURSE CODE: B-2

AERONAUTICAL DATALINK COMMUNICATIONS

18 to 22 May 2026

1. PURPOSE

To provide participants with a clear understanding of the fundamental concepts of aeronautical datalink communications, including the current operational datalink media and the structure of ACARS and ATN networks. The course aims to help participants understand how major datalink applications—such as CPDLC, ADS-C, PDC, and DATIS—operate within these networks, enabling them to build essential knowledge for practical use in modern aviation communication environments.

2. CONTENTS

- Overview of Aeronautical Datalink Communications
- Understanding Datalink Media (VDL Mode 0/A, VDL Mode 2 , HFDDL, SATCOM)
- Datalink Applications: CPDLC, ADS-C, PDC, DATIS, etc.
- Understanding ACARS and ATN Network Architecture
- Understanding of FANS (Pre-FANS, FANS 1/A, FANS 2/B, FANS 3/C)
- Site Visit Related to Datalink Operations

3. PARTICIPANTS

16 participants

4. TRAINING INSTITUTE - CATC

- Address : 22-55, Namgye-gil, Mueui-myeon, Sangdang-gu, Cheongju-si, Chungcheongbuk-do, Republic of Korea
- Course Coordinator: Ms. Jieun Kim

5. PARTICIPATION REQUIREMENTS

- At least three years of experience in aeronautical communication systems or related technical fields, preferably with exposure to voice or data communications.
- Work experience in civil aviation in participating countries and be nominated by the Government.
- Good health and have a good command of English.
- Not participated in the ROK–ICAO fellowship training programme during the past 1 year.

6. EXPENSES

- Korea Airports Corporation will bear expenses, including course fees, accommodation fees, and meals.
- Airfare and travel allowance for participation in this course shall be paid by the participant's side.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirements from the Korean Government.
- d) Selection Process by the Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) The Civil Aviation Training Centre of Korea Airport Corporation (CATC) will contact the participants regarding invitation letters, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org).*

8. APPLICATION DEADLINE

17 April 2026

9. CONTACTS

- Information on the course and academy:

GLOBAL AVIATION SAFETY PROGRAMME, COURSE CODE: B-3

AIRPORT LIGHTING OPERATION AND MANAGEMENT

15 to 20 June 2026

1. PURPOSE

To provide the participants with theoretical and practical knowledge of the fundamental aspects of the Airport Lighting Operation and Management relating to the ICAO Standards. The basic concepts of airport electric facilities, lighting systems and the latest global implementation programme will also be covered.

2. CONTENTS

- Theories of Airport Lighting Systems and Planning
- General Electric Power and Airport Lighting System: Theories of the Airport-Related Fields
- Airport Lighting Facilities Maintenance and Practices
- On-the-spot Study at the International Airport managed by Korea Airports Corporation
- Field Trip to the Lighting Facilities Manufacturing Factory in Anyang, Gyeonggi Province

3. PARTICIPANTS

16 participants

4. TRAINING INSTITUTE : CATC

- Address : 22-55, Namgye-gil, Mueui-myeon, Sangdang-gu, Cheongju-si, Chungcheongbuk-do, Republic of Korea
- Course Coordinator : Ms. Jieun Kim

5. PARTICIPATION REQUIREMENTS

- Work experience in civil aviation in participating countries and be nominated by the Government.
- At least three years of experience in airport lighting systems maintenance.
- Good health and have a good command of English.
- Not participated in the ROK – ICAO fellowship training programme during the past 1 year.

6. EXPENSES

- Korea Airports Corporation will bear expenses including course fees, accommodation fees, meals.
- Airfare and travel allowance for the participation for this course shall be paid by the participant's side.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirement from the Korean Government.
- d) Selection Process by Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) The Civil Aviation Training Centre of Korea Airport Corporation(CATC) will contact the participants regarding invitation letters, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org)*

8. APPLICATION DEADLINE

20 April 2026

9. CONTACTS

GLOBAL AVIATION SAFETY PROGRAMME, COURSE CODE: B-4

URBAN AIR MOBILITY

27 to 31 July 2026

1. PURPOSE

This course aims to enhance the understanding of UAM policies, regulations, and operational frameworks while sharing Korea's advanced K-UAM technology and infrastructure with aviation professionals from developing nations. By introducing global trends and Korea's roadmap, the course supports participants in modernizing their local aviation sectors and establishing necessary safety management systems for future air mobility.

2. CONTENTS

- Global UAM Trends and Industry Outlook
- Korea's UAM Initiatives: Legal Framework, R&D, and Demonstration
- K-UAM Grand Challenge (Demonstration Project)
- UAM Systems for Safety Management

3. PARTICIPANTS

16 participants

4. TRAINING INSTITUTE: CATC

- Address : 22-55, Namgye-gil, Mueui-myeon, Sangdang-gu, Cheongju-si, Chungcheongbuk-do, Republic of Korea
- Course Coordinator : Ms. Jieun Kim

5. PARTICIPATION REQUIREMENTS

- Work experience in civil aviation in participating countries.
- (Preferred) Officials in charge of aviation or airport policy, and personnel responsible for the development or implementation of aviation systems
- Good health and be able to participate in the English language.
- Not participated in the ICAO-ROK training programme for the past three (3) years.
- Should submit the Official Nomination Form issued and authorized by applicants' Government.

6. EXPENSES

- Korea Airports Corporation will bear expenses, including course fees, accommodation fees, and meals.
- Airfare and travel allowance for participation in this course shall be paid by the participant's side.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirement from the Korean Government.
- d) Selection Process by Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) The Civil Aviation Training Centre of Korea Airport Corporation (CATC) will contact the participants regarding invitation letters, air tickets, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org)*

GLOBAL AVIATION SAFETY PROGRAM, COURSE CODE: B-5

AIRPORT BHS & HBS DESIGN AND MANAGEMENT

20 to 26 August 2026

1. PURPOSE

The main goal of the training is to provide Baggage Handling System (BHS) and HBS (Hold Baggage Screening) system managers with the necessary knowledge, skills, and attitudes to effectively perform their duties in the BHS and HBS during normal and contingency operations in accordance with regulations and standards specified in pertinent BHS&HBS manuals.

Note: — *As this course is on the process of ICAO TRAINAIR PLUS STP, an IAAA certificate will be awarded to those participants who have completed this course successfully.*

2. CONTENTS

- Design of Baggage Handling and Hold Baggage System
- Development of a Master Operational Plan
- Management of BHS Operation & Maintenance
- Handling of Contingency Situations
- Improvements of Operation Quality

3. PARTICIPANTS

15 participants

4. TRAINING INSTITUTE: IAAA

- Address: 557 Yongyu-ro, Jung-gu, Incheon, Republic of Korea
- Course Coordinator: Ms. Hyejin Ji

5. PARTICIPATION REQUIREMENTS

- At least three (3) years of experience in airport BHS & HBS management
- Be in good health both physically and mentally, to undergo the course
- Sufficient proficiency in spoken English
- Not participating in the ROK – ICAO fellowship training program during the past three (3) years.
- Should submit the Official Nomination Form issued and authorized by applicant's Government

6. EXPENSES

- Incheon Airport Aviation Academy (IAAA) will bear expenses including course fees, accommodation fees, meals, and daily allowance.
- Airfare and travel allowance for participation in this course shall be paid by the participant's side.

7. PROCESS OF APPLICATION AND SELECTION

- a) Access the registration menu on the website (www.korea-ftp.org) with your e-mail address and password.
- b) Complete the application form and upload the state letter with the official nomination form (Attachment C) at the same time.
- c) Submit your medical report through the website after getting the medical requirement from the Korean Government.
- d) Selection Process by Korean Selection Committee.
- e) Applicants will get the award from ICAO.
- f) Incheon Airport Aviation Academy will contact the participants regarding invitation letters, air tickets, etc.

Remarks: — *Selections will be made by the Selection Committee in the Republic of Korea with the application forms, state letters from its Aviation Authorities, and official nomination form that are uploaded to the website (www.korea-ftp.org).*

8. APPLICATION DEADLINE

8 June 2026
