Subject : AJet Airlines Requests for Russia Operations

RUSSIAN FEDERATION MINISTRY OF TRANSPORT DEPARTMENT OF STATE
POLICY IN CIVIL AVIATION

Dear V. Khodyreva,

Directorate General of Civil Aviation of the Republic of Türkiye presents its compliments to Department of State Policy in Civil Aviation of the Ministry of Transport of the Russian Federation.

As you may recall, during the discussions held on the occasion of the ICAN negotiations in Kuala Lumpur, it was requested that the demands of Turkish air carriers be conveyed through the Turkish Directorate General of Civil Aviation.

In this regard, AJet Airlines would like to start operations on the SAW-VKO route 14 weekly frequencies, and SAW-LED route 7 weekly frequencies starting from Winter 2024-25 Season.

We would appreciate it if you could review and approve the proposed schedule at your earliest convenience to ensure seamless operations.

I avail myself of this opportunity to extend my appreciation for your kind support and constructive cooperation hitherto.

Sincerely Yours,

Prof. Dr. Kemal YÜKSEK
Director General
